

How to create an account github

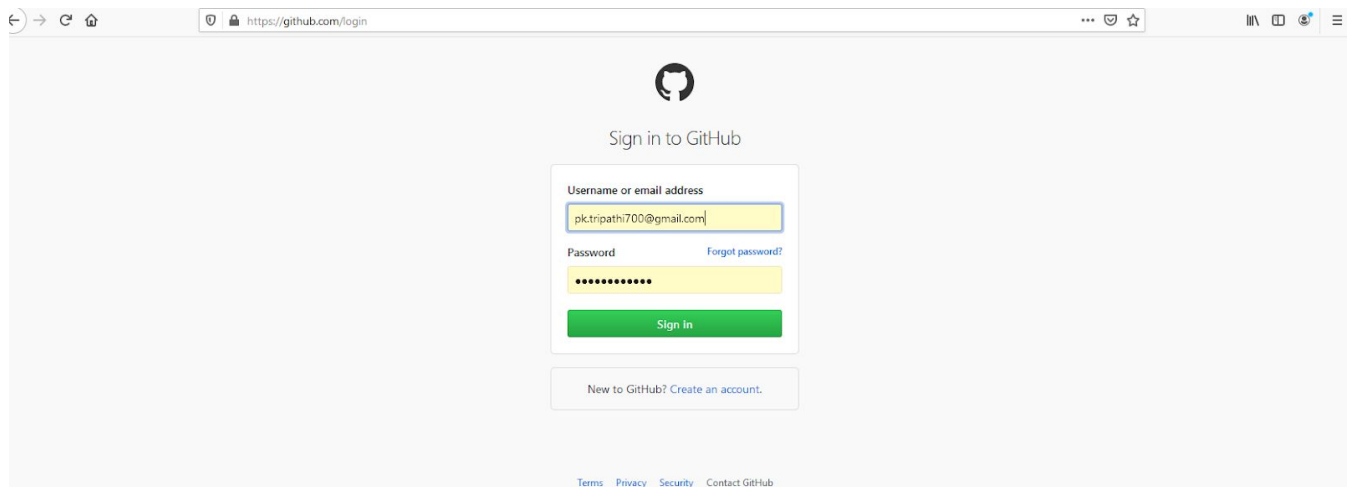

1. Visit website : <https://github.com/>

2. If you have already an account in github click on the sign in

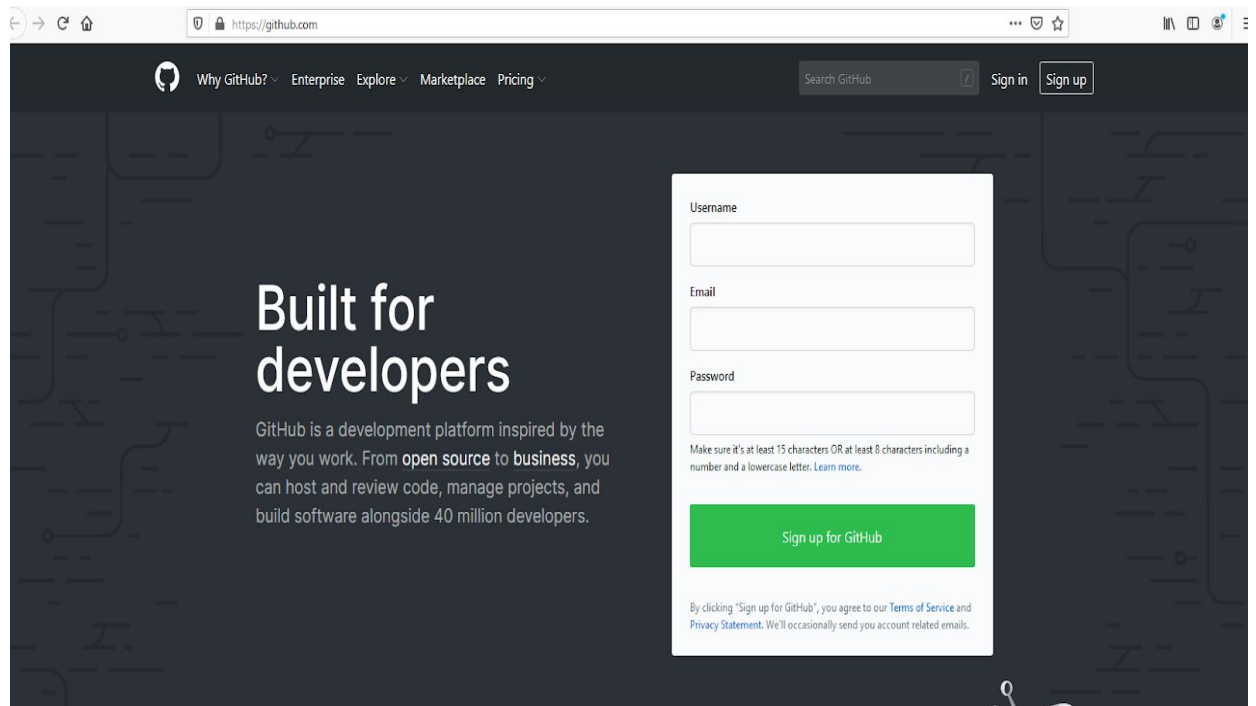

Enter username and password :

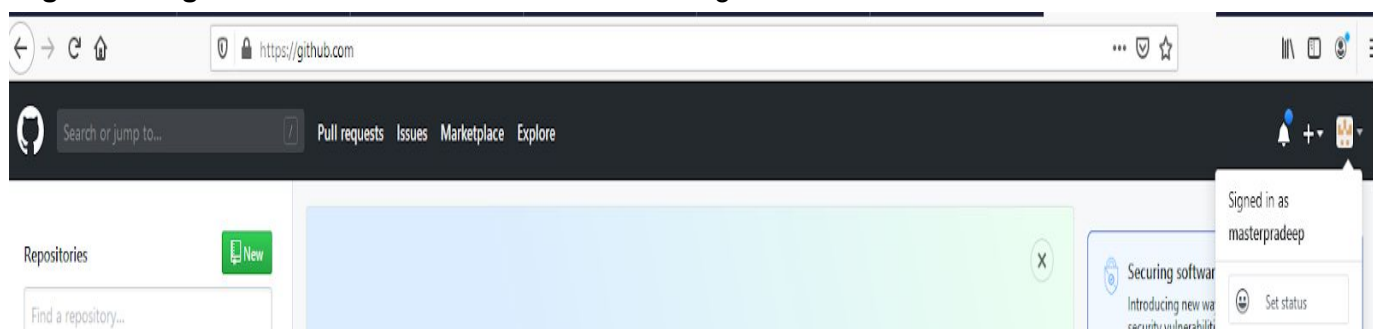

A screenshot of the GitHub login page. The browser address bar shows 'https://github.com/login'. The page features the GitHub logo at the top center, followed by the text 'Sign in to GitHub'. Below this is a login form with two input fields: 'Username or email address' (containing 'pktripathi700@gmail.com') and 'Password' (masked with dots). A 'Forgot password?' link is next to the password field. A green 'Sign in' button is at the bottom of the form. Below the form is a link for 'New to GitHub? Create an account.' At the very bottom, there are links for 'Terms', 'Privacy', 'Security', and 'Contact GitHub'.

If you don't have github account please enter the required detail and click on the signup button

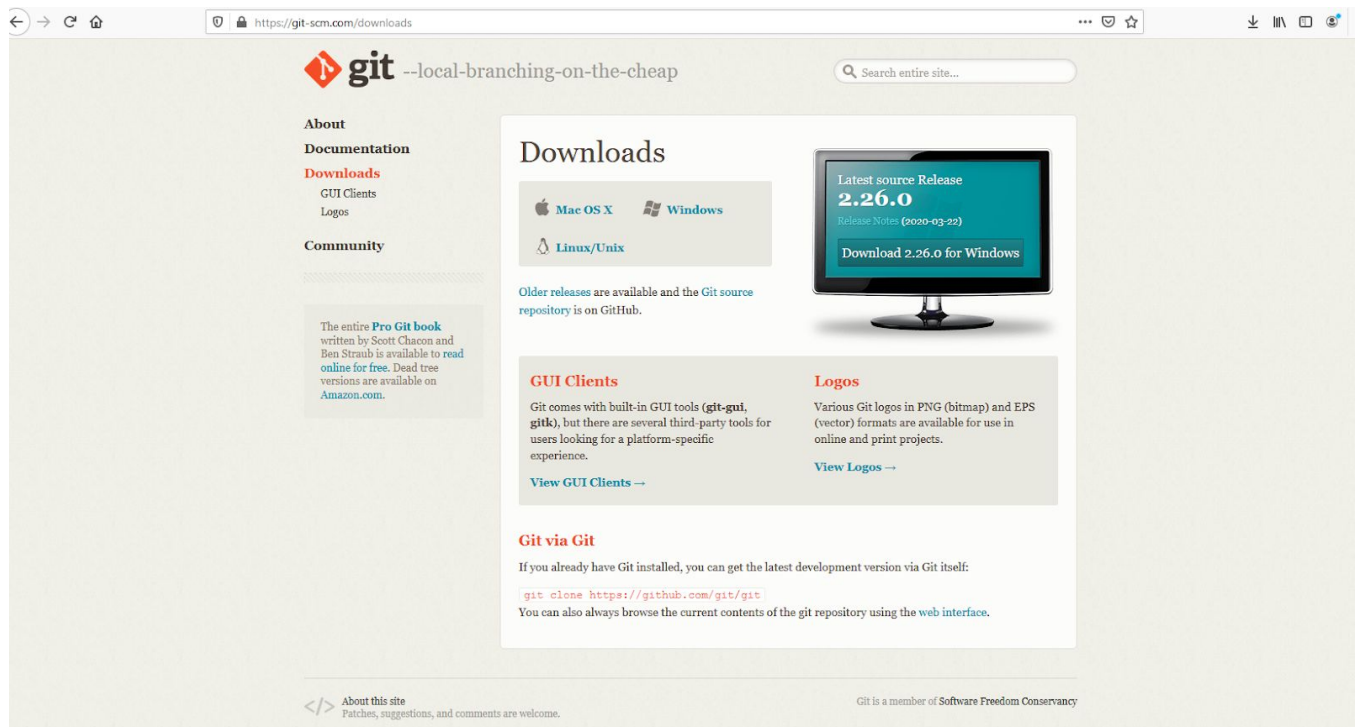

A screenshot of the GitHub sign-up page. The browser address bar shows 'https://github.com'. The page has a dark background with a white sign-up form on the right. The form has three input fields: 'Username', 'Email', and 'Password'. Below the password field is a note: 'Make sure it's at least 15 characters OR at least 8 characters including a number and a lowercase letter. Learn more.' A green 'Sign up for GitHub' button is at the bottom of the form. Below the button is a disclaimer: 'By clicking "Sign up for GitHub", you agree to our Terms of Service and Privacy Statement. We'll occasionally send you account related emails.' The background features the text 'Built for developers' and a description of GitHub as a development platform.

Login to the github: You should able to see something like this

How to Download and Install Git

1. Download the setup from the <https://git-scm.com/downloads>

Keep Setup in your desktop/laptop
